SUMMARY

Full-Stack Developer (MERN) with hands-on experience designing scalable and user-centric web apps. Delivered Krishi Mitra, an AI + voice-enabled farming assistant, and a full-stack publishing platform for a client. Skilled in React, Node, and MongoDB with strong CS fundamentals (DBMS, OOP, OS). Solved 150+ LeetCode problems and passionate about writing clean, maintainable, and high-performance code.

EDUCATION

B.Tech in CSE	Jaypee Institute of Information Technology	(10/2021-06/2025)
Class XII	DAV Centenary Public School, Panipat	(04/2020-07/2021)
Class X	DAV Centenary Public School, Panipat	(04/2018-07/2019)

TECHNICAL SKILLS

- **Languages & Tools:** C++(with Data Structures), JavaScript, SQL, HTML,CSS, React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Postman, Git, VS Code
- **Other:** Deployment (Netlify), OS concepts,DBMS, 150+ LeetCode challenges

CERTIFICATIONS

- **Data Structures in C++** - Coding Ninjas
- **Web Development** – Internshala Trainings
- **Postman API Fundamentals Student Expert** – Postman

PROJECTS

• Krishi Mitra – AI Assistant for Farmers

Developed a multilingual AI-powered platform featuring leaf disease detection, crop & fertilizer recommendations, and Hindi voice interaction. Integrated real-time weather alerts and government scheme info, increasing accessibility for rural users. Designed a responsive, farmer-friendly UI using React.js and Tailwind CSS.

• CollabConnect

Developed a collaborative platform with features like posts, quizzes, and search components using React.js and Redux. Improved state management and routing with seamless navigation using React Router.

• EXPLOREx

Developed a search engine using TF-IDF and cosine similarity. Designed an intuitive UI using React.js, enabling efficient exploration of search results.

EXPERIENCE

The Sparks Foundation | WEB DEVELOPER INTERN

(06/2024-07/2024)

- Remote Engineered a comprehensive bank management system using the MERN stack
- Integrated user authentication and transaction management, resulting in a streamlined experience.
- Implemented responsive UI using React.js and Tailwind CSS, enhancing user experience across mobile and desktop.

Freelance | Full-Stack Developer for Allied Publications Website

(10/2024 - 09/2025)

- Architected a full-stack web platform for Allied Publications, managing front-end and back-end development.
- Built a dynamic and responsive user interface using React.js and Tailwind CSS.
- Developed secure RESTful APIs with Node.js and Express.js for efficient data handling.
- Integrated MongoDB for scalable data storage and retrieval.
